The application review process has three phases. In the first phase, all applications are reviewed by the Chula Vista Housing staff for their eligibility under federal program guidelines. Eligible programs and projects are then reviewed according to their contribution to the goals and objectives of the City's approved Consolidated Plan. Preference will be given if an application/program has the ability to help the City meet federal program objectives and local priorities. The recommendations are incorporated in the Annual Action Plan, which represents the CDBG, HOME, and ESG program annual budget and formal application to HUD. The plan is released to the public for a 30-day review period. Once the review period has been completed the Plan is once again presented to the City Council for final approval.

Projects considered at the City Council public hearings are limited to those submitted according to the guidelines and timetables outlined in this package. Applicants are encouraged to attend and participate at these public meetings.

Community Development Block Grant (CDBG) Program

Introduction

The Housing and Community Development Act of 1974, as amended, has as its primary objective the development of viable urban communities through the provision of decent housing, a suitable living environment, and expanding economic opportunities, principally for persons of low and moderate income. Grant recipients must certify that their use of funds will address one of three broad objectives – benefit low- and moderate-income families, aid in the elimination of blight, or meet urgent needs which pose a serious threat to the health or welfare of a community.

City of Chula Vista's CDBG Program

The CDBG Program generally provides for a wide range of activities. Within that framework, the City of Chula Vista has prepared a set of guidelines to assist in meeting Federal and local objectives. These include:

1. Funding programs and projects that are difficult to fund through other sources.
2. Working only with incorporated public, nonprofit, and for-profit entities.

Priority Considerations

1. Projects that directly contribute to the goals and objectives of the Consolidated Plan and help the City meet federal program requirements. These are listed in Schedule A.
2. Projects that directly contribute to ongoing community and housing improvement efforts.
3. Projects and services which are not currently offered through the City of Chula Vista or any other subcontractor. An example of this would be a program such as the First-time Homebuyer program or Rehabilitation Assistance which is currently offered through the City or a Fair Housing Program which is offered through a subcontractor.

Public Services Category: The City receives several requests for public services each fiscal year that exceed the amount available to fund projects. Based on the 15 % expenditure cap of the annual grant, the City may allocate up to an estimated \$344,594 for public service programs contingent upon funding levels from HUD. Staff established additional rating criteria (in response to the current economic state), with priority given to Tier I and Tier II projects. The three-tier approach, classifies each of the activities into one of the following three categories:

- Tier I: Basic/Essential Needs (Food, Housing, Emergency Services)
- Tier II: Special Needs (At-Risk Youth, Family Violence, Special Needs/Disabled)
- Tier III: Other (Transportation Services, Case Management, Preventative Health Care Services, Recreation (non-disabled, non-emergency services))

Limited Clientele: CDBG Public Services projects require beneficiary data to ensure that 51% of the clients served are low and moderate income (earn less than 80% of the Area Median Income). These income limits must be included in your written policies and procedures noting that each year HUD updates these figures.

Eligible Applicants

1. Applicants must be incorporated for-profit, nonprofit, or public organizations or businesses able to undertake the approved activity(ies) within the boundaries of the City of Chula Vista.

2. Applicants must demonstrate the financial management and programmatic expertise to successfully develop, design, implement, and monitor the proposed activity(ies). This expertise can be demonstrated through previous experience in successfully developing projects similar to the one proposed, either by partners or key staff within the business or organization.

Pertinent requirements are noted in *General Subrecipient Requirements*. All applicants should be aware that if funded, additional requirements will apply.

10. Acquisition, construction, reconstruction, rehabilitation, or installation of distribution facilities of **privately owned utilities** where necessary and appropriate to implement revitalization or housing.

11. **Rehabilitation and preservation** of privately owned buildings, including low-income housing, publicly owned residential and non-residential buildings (except buildings for the general conduct of business), code enforcement, and historic preservation.

- c. Meet other community development needs of particular urgency (usually the result of a natural disaster).

More detailed information on eligible activities and national objectives can be found in the [Guide to National Objectives and Eligible Activities for Entitlement Communities](#) handbook.

EMERGENCY SOLUTIONS GRANT (ESG) PROGRAM

Introduction

The ESG Program was created under Title II of the National Affordable Housing Act of 1990. The general purposes of ESG are to assist homeless persons or those who are at risk of becoming homeless.

Funding applications through the City of Chula Vista's ESG program will be assessed for goals identified in the City's approved Consolidated Plan and Housing Strategy and Implementation Plan. In 2012, HUD released the final version of the new Emergency Solutions Grant regulations. We will be accepting applications for Emergency Shelter/Outreach Services and Rapid ReHousing and HMIS Services. Approximately \$200,000 is available for programs addressing homeless needs. A maximum of sixty percent (60%) of the grant can be used for street outreach and emergency shelter activities.

City of Chula Vista's ESG Program

The ESG program generally provides for a wide range of activities. Within that framework, the City of Chula Vista established a set of guidelines to assist it in meeting Federal and local objectives. These include:

1. Working only with nonprofit entities.
2. Requiring applicants to assist in satisfying the City's 100 percent match obligation. Matching contributions must be a permanent contribution to affordable housing and from non-Federal sources. Qualifying project match includes, but is not limited to, cash, value of donated land and real property, and value of donated materials and labor. Proposed match sources must be approved and consistent with program regulations.

Priority Considerations

Projects that directly contribute to the ongoing community and housing improvement efforts that serve Chula Vista homeless, and are a member of the San Diego County Regional Continuum of Care, and address the Plan to End Chronic Homelessness will receive greater consideration. Due to the limited amount of ESG funds available (approximately \$184,932), priority will be given to proposals that are consistent with the City of Chula Vista 2020-2024 Consolidated Plan.

Eligible Applicants

1. Applicants must be nonprofit, or public organizations or business(es) that are able to undertake the approved activity(ies) within the boundaries of the City of Chula Vista.
2. Applicants must demonstrate the financial management and programmatic expertise to successfully develop, design, implement, and monitor the proposed activity(ies). This expertise can be demonstrated through previous experience in successfully developing projects similar to the one proposed, either by partners or key staff within the business or organization.
3. Applicants must be able to meet all federal, State of California, and City of Chula Vista requirements relative to the ESG program, specifically those concerning equal opportunity and fair housing, affirmative marketing, environmental review, displacement, relocation, acquisition, labor, lead-based paint, conflict of

interest, debarment and suspension, and flood insurance. Pertinent federal requirements are noted in *General Subrecipient Requirements*. All applicants should be aware that if funded, additional requirements will apply.

4. Applicants must serve eligible homeless person who meet HUD's definition of homelessness.

Eligible Activities

There are four activities that are allowed under the ESG program.

1. Street Outreach
2. Emergency Shelter
3. Homeless Prevention
4. Rapid Re-Housing Assistance

City of Chula Vista will be accepting applications for Emergency Shelter and Street Outreach activities. Applications will also be accepted for Rapid Re-Housing during this application process. Since ESG requires a dollar-for-dollar match, Subrecipients are expected to cover these activities through their match requirement.

Eligible Costs

As of December 5, 2011, the Department of Housing and Urban Development issued an interim in regard to Emergency Solutions Grant funding. Please refer to Federal Register Notice Vol. 76, No. 233.

HOME INVESTMENT PARTNERSHIP ACT (HOME) Program

The HOME Program was designed to assist cities, counties, developers to create and retain affordable housing. Up to \$4,000,000 in HOME funds and a portion of Community Development Block Grant funds are available to produce Affordable Housing. Examples of activities that can be funded are the following:

1. Acquisition
2. Acquisition and Rehabilitation
3. Rehabilitation of single-family homes and mobilehomes
4. Rental assistance programs
5. Construction of new affordable units.

Additionally, through the HOME American Rescue Plan, the following two activities will be given priority:

6. Supportive Services, including services defined at 24 CFR 578.53(e), homeless prevention services, and housing counseling.
7. Purchase and Development of Non-Congregate Shelter. These structures can remain in use as non-congregate shelter or can be converted to: a) emergency shelter under the Emergency Solutions Grant program; b) permanent housing under the Continuum of Care; or c) affordable housing under the HOME Program.

At least 15 percent of HOME Investment Partnerships Program (HOME) funds must be set aside for specific activities to be undertaken by a special type of nonprofit called a Community Housing Development Organization (CHDO). A CHDO is a private nonprofit, community-based organization that has staff with the capacity to develop affordable housing for the community it serves. In order to qualify for designation as a CHDO, the organization must meet certain requirements pertaining to their legal status, organizational structure, and capacity and experience.

CHDOs may use HOME funds for all eligible HOME activities. However, in order to count towards the 15 percent set-aside, a CHDO must act as the owner, developer, or sponsor of a project that is an eligible set-aside activity. These eligible set-aside activities include: the acquisition and/or rehabilitation of rental housing; new construction of rental housing; acquisition and/or rehabilitation of homebuyer properties; new construction of homebuyer properties; and direct financial assistance to purchasers of HOME-assisted housing that has been developed with HOME funds by the CHDO.

For more information on Community Housing Development Organizations, see **24 CFR 92 Subpart G**:

- **24 CFR 92.208** - Eligible CHDO operating expenses and capacity building costs
- **24 CFR 92.300** - Set-aside for community housing development organizations
- **24 CFR 92.301** - Project-specific assistance to community housing development organizations

Please verify areas of high-concentration of affordable housing prior to proposing a new project and ensure that the project meets HUD's §92.202 "Site and Neighborhood standards. To pursue funding for this category please contact Mark Barnard at mbarnard@chulavistaca.gov or via phone at 619-691-5047.

Proposals for affordable housing projects will be accepted through a separate Notice of Funding Availability or Request for Proposals, which will be released by the Development Services Department Housing Division. To discuss a potential affordable housing project/program utilizing Home Investment Partnerships Act, please contact Mark Barnard at (619) 691-5047 or via email at mbarnard@chulavistaca.gov.
